## VISION PLAN

Driving to work, reading a news article, and watching TV are all activities you likely perform every day. Your ability to do all these activities, though, depends on your vision and eye health. Vision insurance can help you maintain your vision as well as detect various health problems.

Assured Nursing vision insurance entitles you to specific eye care benefits. Our policy covers routine eye exams, other procedures, and provides specified dollar amounts or discounts for the purchase of eyeglasses and contact lenses.

Guardian Dental Benefit	2024 Plan Design Summary
